### PROFILE

MERN Stack Developer skilled in React.js, React Native, JavaScript (ES6+), HTML5, CSS3, Bootstrap, and Material UI. Experienced in building responsive, user-centric web apps and integrating RESTful APIs with Node.js, Express.js, and MongoDB. Focused on performance, cross-browser compatibility, and clean UI.

### WORK EXPERIENCE - MERN STACK

**AVIAR TECHNOLOGY SERVICES** - October 2024- Present

▣ **RAMS360 (React | Material UI | Node.js | Express | MongoDB)**

- Built custom UI components and forms for complex engineering calculations. Integrated APIs for real-time failure rate computation and analytics.
- Developed backend CRUD modules for managing engineering data and component libraries.
- Created REST APIs for CRUD operations across multiple project entities.

▣ **Apartment Management System (AMS) (React | Bootstrap | Material UI)**

- Improved frontend stability and UI responsiveness by resolving validation and layout issues.
- Implemented multi-language support for regional Indian languages.

<https://www.liveez.in/web>

▣ **Aviar Platform (React | Bootstrap | Material UI | Node.js | Express | MongoDB)**

- Developed responsive UI components using Material UI and Bootstrap for intern-focused modules.
- Built backend with Node.js and Express, and managed MongoDB database.

▣ **Reda Boutique Fashion (React.js | Tailwind CSS)**

<https://www.theredastudio.com/>

- Designed and developed a responsive, static website showcasing products, collections, and brand identity.
- Implemented mobile-responsive design .

**Moogambigai Enterprises – Business Website**
